CROWN CONFERENCE CENTRE

## CROWN CONFERENCE CENTRE

Crown Conference Centre is Australia's only purpose-built hotel convention facility, catering for large residential conferences, meetings, seminars, product launches, exhibitions, and events. A spectacular extension to the conference centre opens in January 2010 allowing the centre to cater for conferences up to 840 delegates with 19 concurrent rooms all on one site.

The Centre's exciting modern design provides the ideal backdrop for your conference, affording an abundance of natural light in all breakout rooms, a flexible layout, the latest in audio visual technology, and support from our exceptional service team dedicated to ensuring your conference is a success.

Crown Conference Centre's new plenary room will be a large pillar-less space with 5.5m ceilings and operable walls with a seating capacity of 840 delegates theatre-style or 500 delegates class room style. The Promenade Room caters for 660 delegates theatre-style, or 350 delegates class room style, also with a 5.5m ceiling height.

You'll also find the most advanced technology available, such as wireless internet connections, data technology, web-casting and video conferencing facilities. There is also a Business Centre, which offers full secretarial services, internet workstations, photocopying, printing and scanning facilities, a private meeting room and courier service.

Organisers can access Crown's custom-made 'Meetings Matrix', an online facility that shows conference-room layouts, configurations, room types and themes in a virtual format so you can plan the best set-up for your event.

We have a dedicated conference team, comprising experienced conference organisers and technical experts. Each member has the skills and knowledge to ensure you have a successful and outstanding experience.
